Guide for the creation of Safari (O’Reilly) user accounts

1. To create a new user account, please access the following link:
   https://www.safaribooksonline.com/library/view/temporary-access/?orpg

2. Write your institutional email (including @stu.nuc.edu) as shown in the screen shown below and press the “Let’s Go” button.

3. Press the “Got it” button.
4. You will gain **temporary** access to Safari. You will later receive an email from Safari to **activate your account**. The email can take between **15-20 minutes** to arrive. Remember to check your “**SPAM**” or “**JUNK**” folder. *It is important to activate your account, otherwise you will not be able to access the platform again*. 

5. After you receive the email, select the option **“Finish creating your free account”**.

6. It will require you to create a new password of six or more characters. It will also ask the year in which you plan to graduate and your concentration program. When you have entered this information, press **“Get Started”**.
7. Once you have created your account, each time you log in to Safari, your **username** (the complete institutional email) and **password** (the one selected by you) will be required.
If you have forgotten your password, please follow these steps to reset it, as shown below:
1. Click on “Forgot Password?” to begin the process of resetting your password.

2. Insert your institutional email, the one you used to create your Safari account, and click “SEND”.

3. Safari will send you an email to reset the password. If you do not receive it in about 5 minutes, check your SPAM folder.

4. You should receive a message from Safari at your institutional email. Click the link provided to reset the password.
